

REMARKS

The Notification of Defective Response indicated that the computer readable form of the sequence listing was not accepted due to some errors in the computer readable format.

Applicants have worked with Ms. Anne Corrigan at the Sequence Listing Help Desk in order to correct the errors in the sequence listing. Accordingly, Applicants submit herewith a revised and corrected computer readable sequence listing. The revised and corrected sequence listing is intended to replace all previously submitted sequence listings, and in particular the sequence listing submitted on March 22, 2010. It is noted that the sequence listing was amended to include a proper description of origin, i.e. synthesized, of the artificial sequence feature of the disclosed sequences. Additionally, the format of the sequence listing was corrected in order to comply with the formatting required by the USPTO's sequence listing software. Applicants note that no new matter has been added to the corrected sequence listing. Further, Applicants note that support for the presently filed sequence listing can be found on pages 4, lines 14-19; page 9, lines 17-21; page 12, Table I; and page 13, lines 23-25.

CONCLUSION

In the event that there are any questions or concerns regarding the pending application or the present amendment, please call the undersigned attorney at (801) 566-6633 so that such matters may be resolved as expeditiously as possible.

The Commissioner is hereby authorized to charge any additional fee or to credit any overpayment in connection with this Amendment to Deposit Account No. 20-0100.

DATED this 18th day of June, 2010.

Respectfully submitted,

/David W. Osborne/
